PROJECT SHOWCASE | MQDC (Gurugram) – Civil & Interiors EXECUTED BY CHERRY HILL INTERIORS

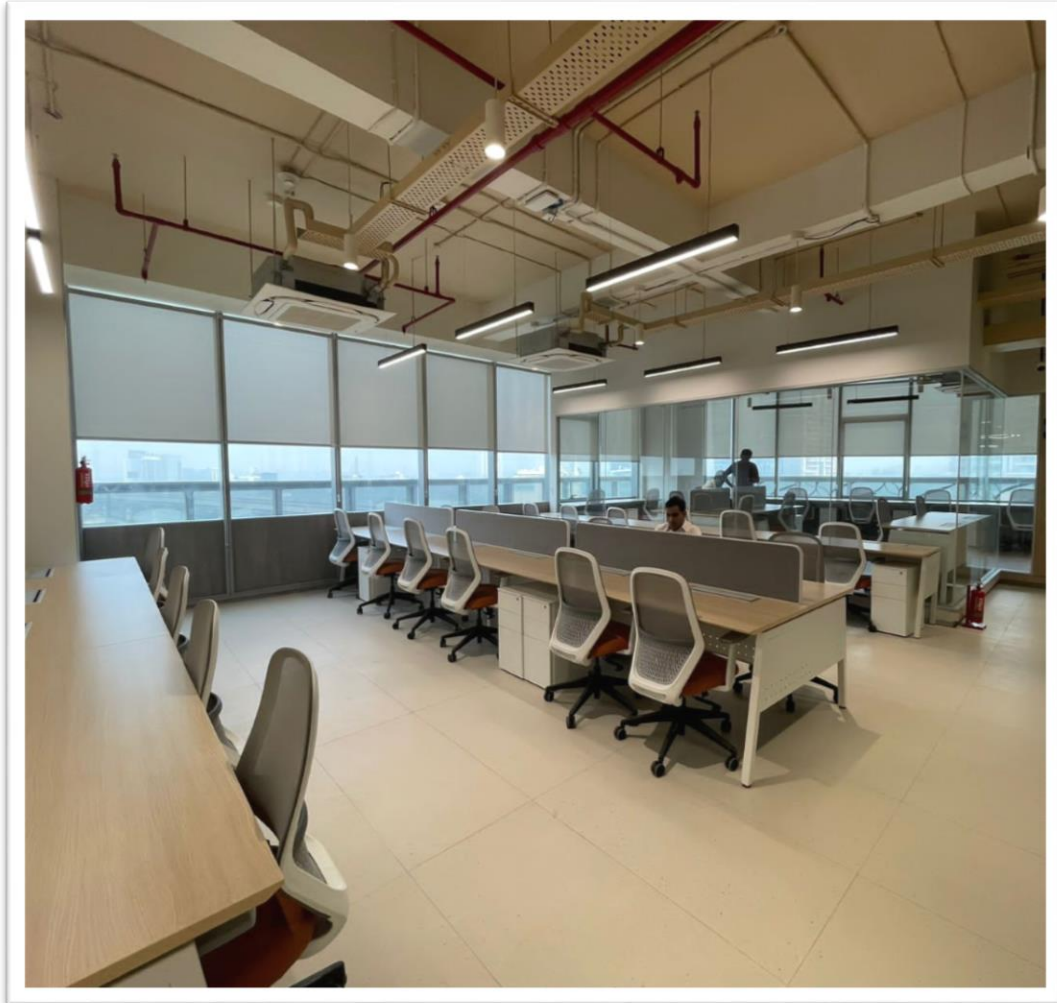

Whizdom is a key brand under Magnolia Quality Development Corporation Limited (MQDC), a Global property development organization established in 2006 and headquartered in Bangkok.

The Whizdom brand by MQDC is known for 'smart city' approaches that dramatically cut environmental impact while serving dynamic urban lifestyles.

Whizdom Club India is the brand's first project in India, drawn by the country's youthful demographics and strong start-up culture.

Whizdom Club aims to transform India's co-working segment with innovative facilities and services for students, young professionals and entrepreneurs.

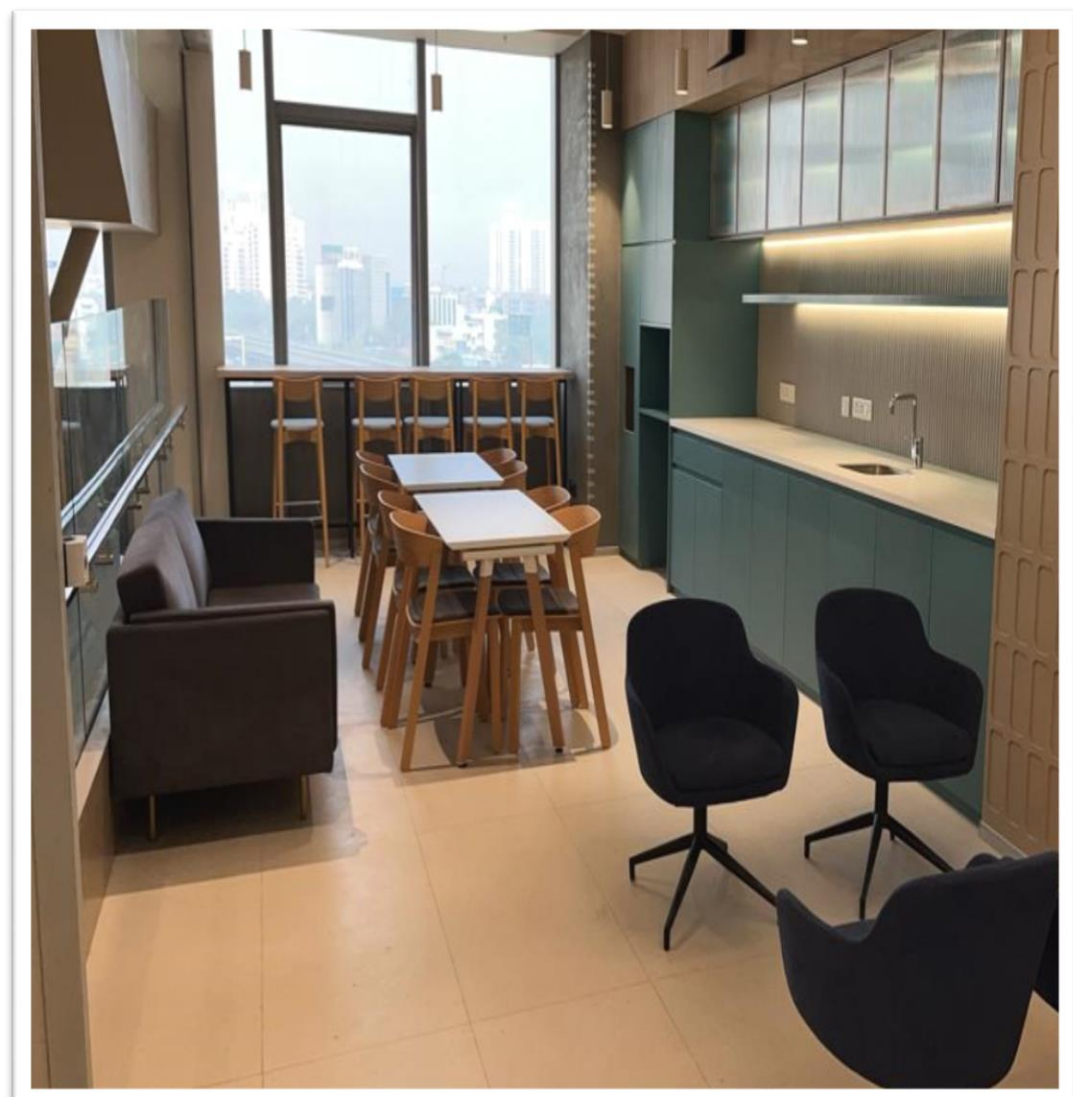

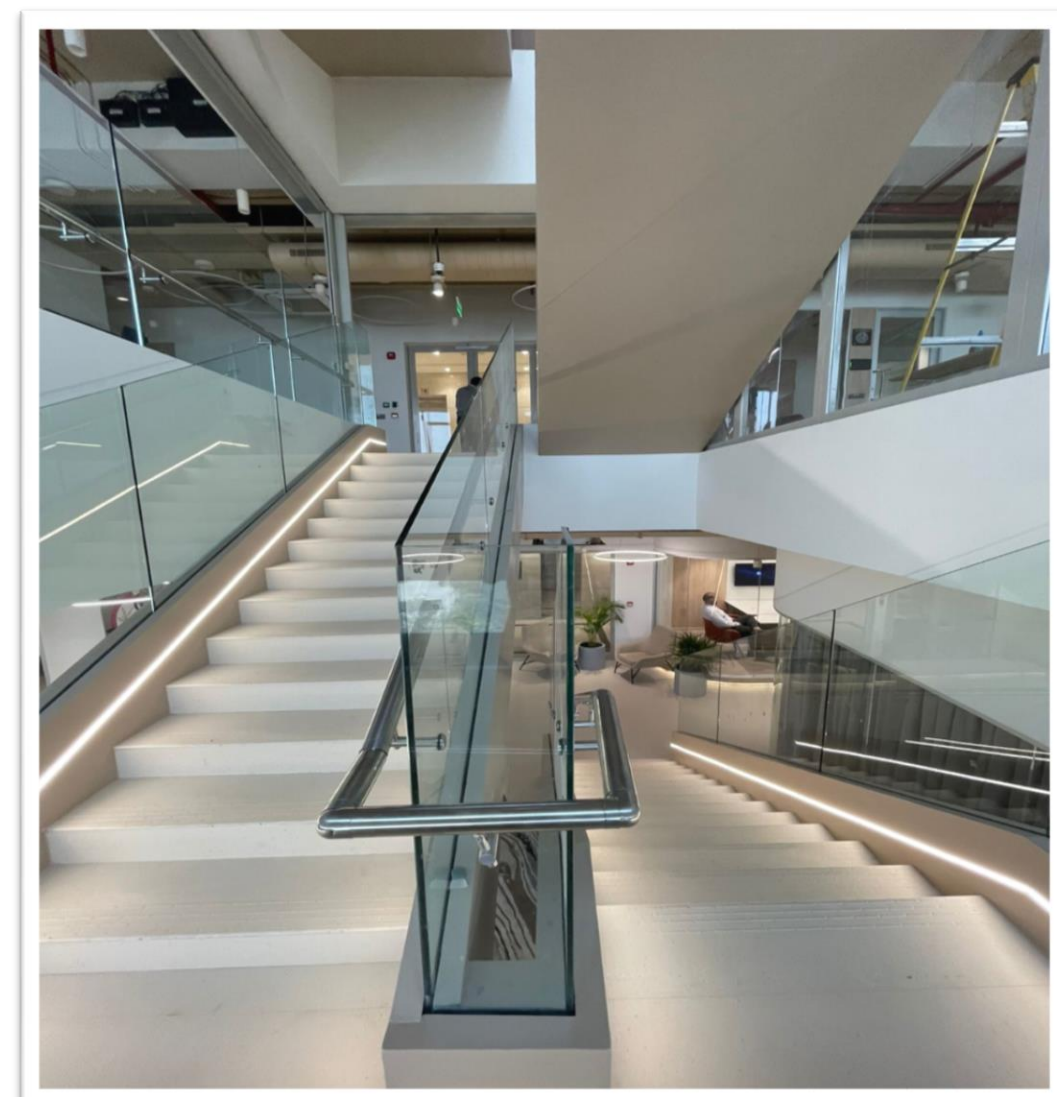

Creating everyday enjoyment in the lives of its customers, MQDC shares a common goal of connecting people and addressing digital inequities.

The MQDC office, Gurugram (26,000 sq.ft in area), Executed by Cherry Hill Interiors was delivered, with the intent to provide the client with a workspace that would allow for multiple meeting zones and an open work area for optimum space utilisation.

A flexible layout, coffered ceiling (adding depth) and play of design elements allow for both, a functional and an integrated workspace, providing employees with an environment that is safe, supportive and uninterrupted.

Colors add harmony to the space and are true to the Company's brand values and identity. At MQDC, interiors have been reimagined similar to the lives of customers, providing all that is essential for a digitally growing space.

PRODUCT SHOWCASE | PREMIUM OFFICE FURNITURE BY CHERRY HILL INTERIORS

Buzzi Screen Mix combines different heights and BuzziFabrics (and select collections by Kvadrat) to give edge end result. Combine different heights and fabrics of this folding screen to create a vibrant effect. This is not your average room divider, but a true designer piece with acoustic qualities.

The CRYSTAL SG partition is a combination of glass and glass support without internal structure. The profiles are minimized to protect the clarity and transparency of the partition. The system is designed to be fully demountable and relocatable.

Buzzi Skin Printed is ideal to brighten up corners and nooks with a pinch of creativity. The self-adhesive backing makes installation very easy while the tackable surface offers the possibility to personalize a space with notes and images.

Chairs from the Kalea line are part of the Kastel seating range. Style and comfort come together with Kalea: the appeal of a modern and refined design furnishes any type of environment with character, a comfortable seat embraces with soft and sinuous lines.

QUOTE OF THE MONTH

There are two ways to extend a business. Take inventory of what you're good at, and extend out from your skills. Or determine what your customers need and work backward, even if it requires learning new skills. Kindle is an example of working backward.
