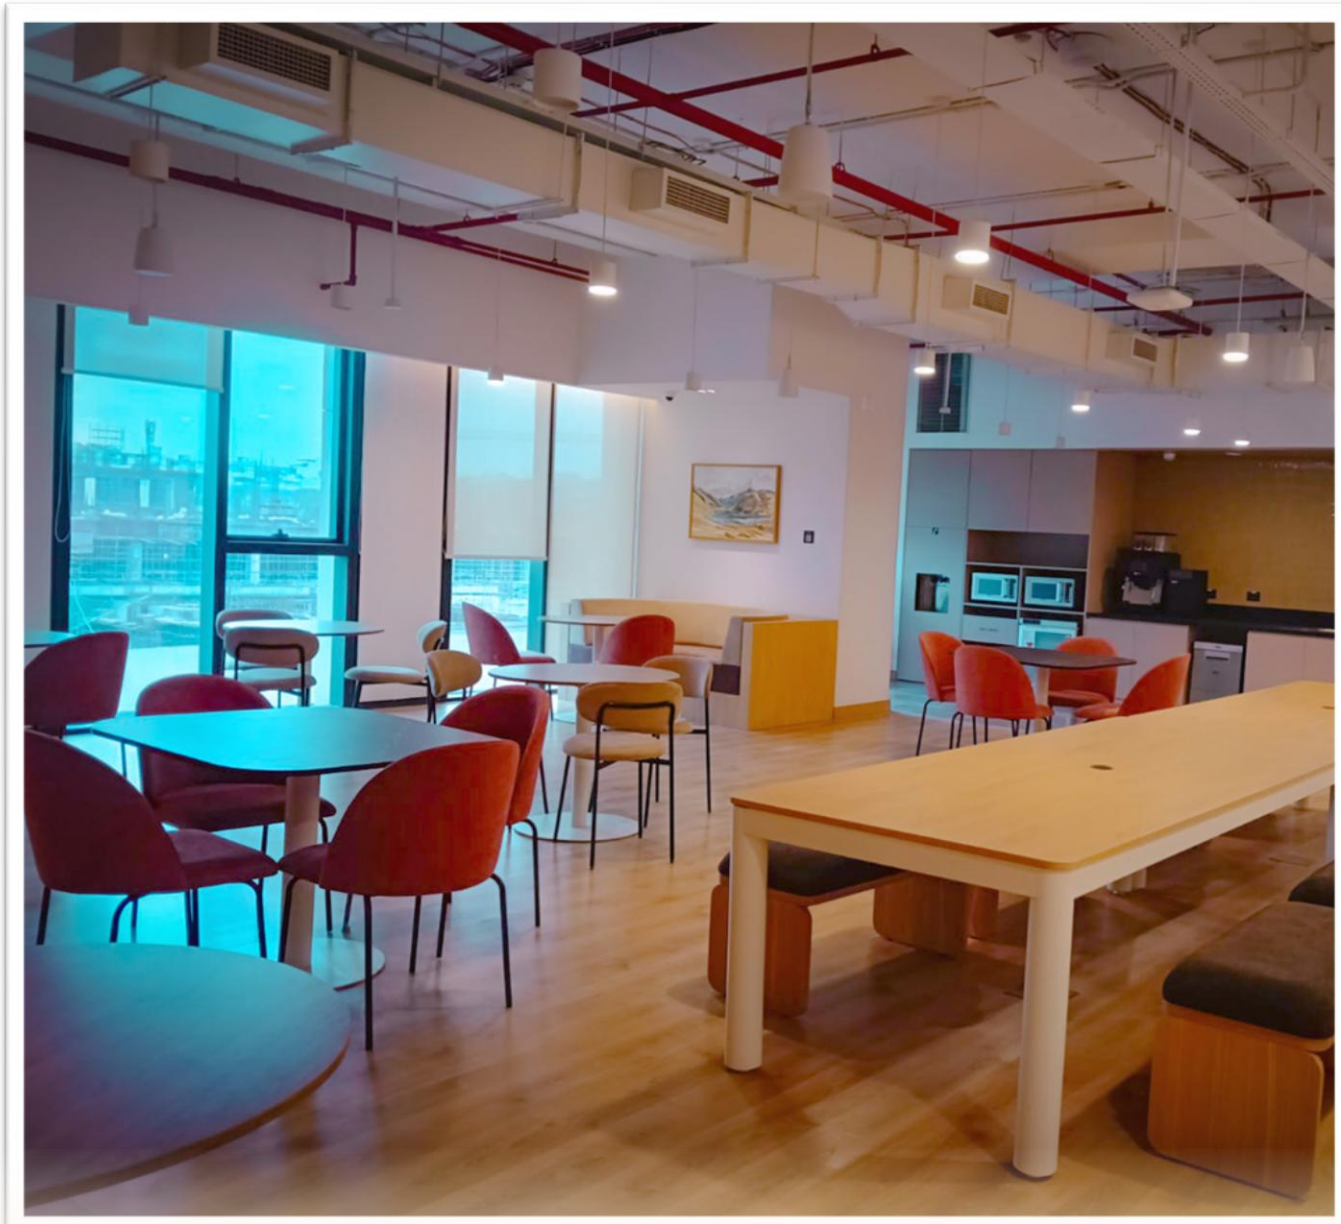
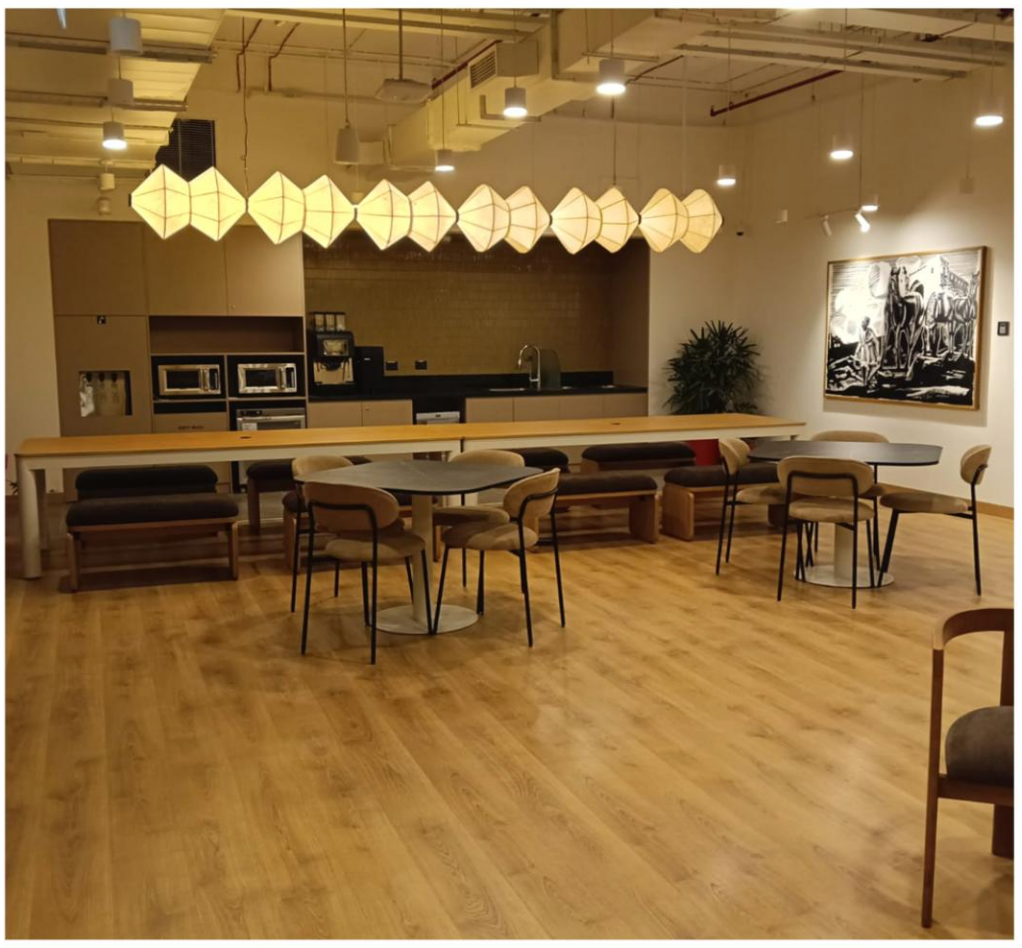
PROJECT SHOWCASE | Leading Flexible Workspace & Coworking Operator (Delhi) – Civil & Interiors EXECUTED BY CHERRY HILL INTERIORS

Delivering 80,000 Sq. Ft. of Flexible Workplace Through Coordinated Execution

Cherry Hill Interiors successfully delivered Civil, Interiors and PHE works across approximately 80,000 Sq. Ft. for a leading flexible workspace operator in Delhi. The project required coordinated execution across multiple workplace typologies, while maintaining design intent, quality standards and programme requirements.

The workspace brings together open workstations, enclosed meeting rooms, collaborative lounges, community cafe areas, and informal breakout spaces. A warm material palette, timber finishes, layered lighting, acoustic treatments, and carefully selected furniture create a balanced setting that is both professional and inviting. Every zone was developed to support different workstyles, from focused individual work to team interaction and social engagement.





As the Civil and Interiors execution partner, Cherry Hill Interiors managed the coordinated implementation of the design across the 80,000 Sq. Ft. workplace. The project involved multiple work streams, including interior finishes, flooring, partitions, ceilings, feature elements, lighting integration, furniture interfaces, and PHE requirements, ensuring seamless execution across diverse workplace environments.

A key focus of the project was to achieve a balance between design intent, functionality, and operational efficiency. Exposed services, coordinated ceiling layouts, distinctive lighting, and crafted timber elements were carefully executed to support the overall workplace aesthetic while maintaining accessibility, usability, and attention to detail.

The successful delivery of the project required close coordination among stakeholders, consultants, vendors, and site teams. Through structured planning, technical coordination, quality checks, and disciplined site execution, Cherry Hill Interiors maintained consistency in workmanship and ensured the smooth integration of multiple disciplines throughout the project lifecycle.

By transforming the facility into a flexible, vibrant, and community-focused workplace, the project reflects Cherry Hill Interiors' expertise in delivering complex commercial interiors at scale. The outcome demonstrates our commitment to precision, coordinated execution, and creating design-led environments that respond to evolving business and workforce requirements.

PRODUCT SHOWCASE | PREMIUM OFFICE FURNITURE BY CHERRY HILL INTERIORS

Buzzi Falls is an elegant acoustic element and room-dividing solution in one. Buzzi Falls Rail is another alternative that enables the panels to slide with ease—creating a movable room divider that shifts from private to public space.

Neuflor is a premium Singapore-based brand. It is the only company globally licensed by Dupont to use SORONA fiber in carpet manufacturing—setting a new benchmark in sustainability and innovation.

cherry® HILL
The future of workplace

The Buzzi Planter's high-density foam core and breathable fabric covering will help to soak up sound energy emitted from HVAC, speech, and high-pitch sounds such as ringtones and coffee machines.

Exclusively available in India through Cherry Hill Interiors, Buzzi Blinds feature a unique range of shapes and V-cut technology for added visual impact. The aluminum structure has a Buzzi Felt sleeve, which is available in 12 colors.
Personalize your Buzzi Blinds with an extra layer of fabric or add wheels to the baseplate so it's easy to move around.

HEALTH-CHECK: HEALTH BENEFITS OF COCONUT WATER

- **Boosts Hydration:** Coconut water is a natural electrolyte-rich drink that helps replenish fluids, prevent dehydration, and keep the body refreshed, especially during hot summer days.
- **Supports Heart Health:** Rich in potassium, coconut water helps maintain healthy blood pressure, supports proper heart function, and promotes overall cardiovascular wellness.
- **Promotes Healthy Skin:** Packed with antioxidants and essential nutrients, coconut water helps keep the skin hydrated, supports collagen production, and promotes a healthy, natural glow.
- **Aids Digestion:** Coconut water provides fluids and electrolytes and can be a refreshing addition to a balanced diet.
